Who?

In statewide initiative, MICAH brings together Faith Leaders and the community to address the issue of over-incarceration in the State of Wisconsin.

What?

The State of Wisconsin incarcerates at an alarming rate, placing many people in prison who are suffering from underlying issues that go untreated.

With roughly the same population as Minnesota, Wisconsin has over twice as many prisoners and spends well over double on corrections.

Why?

People of color are disproportionately incarcerated, with African Americans making up 51% of the prison population, but only 6% of the State's total population.

The rate and reasoning for our State's incarceration rate is unjust and immoral. As a community of faith, we stand together for more just practices to transform as many as 11,000 lives, our communities, and entire State.
